## ABOUT THE EXCHANGE PROGRAM

What is the MCOW program? MCOW (Meeker Citizens of the World) is a unique exchange program designed to give middle school students who live in different countries on opposite sides of the world the opportunity to meet face-to-face in order to recognize and understand their similarities and also to observe and appreciate the differences in their cultures and daily lives. In February of each year, a group of American students, teachers, and parent chaperones from Tacoma's Meeker Middle School will travel to New Zealand. The curriculum is academically rigorous and designed to introduce the participants to important components of New Zealand's culture, history, government, business environment, ecosystems, schools, sport, art, and daily life. During this trip, the group will travel nearly 23,000 miles over the course of 24 days and they will get to see, learn, and do many amazing things as they journey from one end of the country to the other. Highlights include visiting Parliament and other sites in Wellington (the capital city of NZ), Invercargill, Queenstown, Dunedin, Christchurch, and exploring the remarkable Stewart Island.
